Dear Ms. Borduz:

On July 10, 2003, the Department of Environmental Services, Waste Management Division (DES) conducted an inspection of Amro Environmental Laboratories Corporation (Amro). The purpose of the inspection was to determine Amro's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, Amro was issued Letter of Deficiency No. WMD 03-19 (LOD). Based upon a review of Amro's submittals, DES has determined that your facility has corrected the deficiencies identified in the LOD.

Please be advised that DES will continue to monitor Amro's compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Robert Bishop or John J. Duclos, Supervisor of the Hazardous Waste Compliance Section at (603) 271-2942. Thank you for your cooperation.

Sincerely,
